

Zahlenstrahl ablesen bis 10

Name: _____ Datum: _____

★ Lies am Zahlenstrahl bis 10 ab, wohin jeder Pfeil zeigt.

1

A horizontal number line with arrows at both ends, labeled '0' at the left and '10' at the right. There are 11 tick marks in total, including the endpoints. Above the line, there are three dashed rectangular boxes. Each box has an orange arrow pointing down to a specific tick mark. The first box points to the second tick mark after 0 (representing 2). The second box points to the fourth tick mark after 0 (representing 4). The third box points to the sixth tick mark after 0 (representing 6).

2

A horizontal number line with arrows at both ends, labeled '0' at the left and '10' at the right. There are 11 tick marks in total, including the endpoints. Above the line, there are three dashed rectangular boxes. Each box has an orange arrow pointing down to a specific tick mark. The first box points to the third tick mark after 0 (representing 3). The second box points to the fifth tick mark after 0 (representing 5). The third box points to the eighth tick mark after 0 (representing 8).

3

A horizontal number line with arrows at both ends, labeled '0' at the left and '10' at the right. There are 11 tick marks in total, including the endpoints. Above the line, there are three dashed rectangular boxes. Each box has an orange arrow pointing down to a specific tick mark. The first box points to the first tick mark after 0 (representing 1). The second box points to the seventh tick mark after 0 (representing 7). The third box points to the ninth tick mark after 0 (representing 9).
