

Code Breaker Addition

Crack the code! Find the number for each symbol and solve!

$$1. \quad \begin{array}{c} \textcircled{8} \\ \text{pencil} \end{array} + \begin{array}{c} \textcircled{6} \\ \text{washing machine} \end{array} = 14$$

$$2. \quad \begin{array}{c} \textcircled{6} \\ \text{washing machine} \end{array} + \begin{array}{c} \textcircled{2} \\ \text{sofa} \end{array} = 8$$

$$3. \quad \begin{array}{c} \textcircled{2} \\ \text{sofa} \end{array} + \begin{array}{c} \textcircled{6} \\ \text{washing machine} \end{array} = 8$$

$$4. \quad \begin{array}{c} \textcircled{6} \\ \text{washing machine} \end{array} + \begin{array}{c} \textcircled{1} \\ \text{window} \end{array} = 7$$

$$5. \quad \begin{array}{c} \textcircled{1} \\ \text{window} \end{array} + \begin{array}{c} \textcircled{2} \\ \text{sofa} \end{array} = 3$$
