

Cube by Cube

Name: _____ Date: _____

★ Each object sits on unit squares. Count them and write the length.

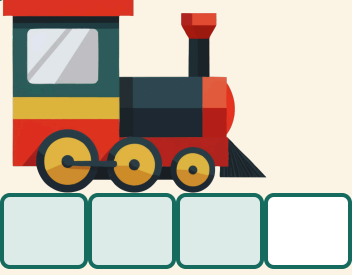

1

A yellow and red excavator is shown sitting on a row of four light blue unit squares. The excavator's body and tracks span the first three squares, and its arm and bucket extend over the fourth square.

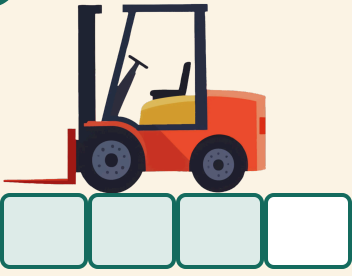

2

A red and black train engine is shown sitting on a row of four light blue unit squares. The engine's body spans the first three squares, and its smokestack extends over the fourth square.

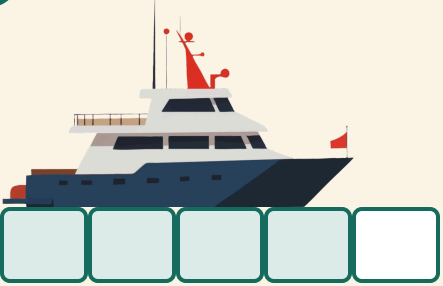

3

An orange forklift is shown sitting on a row of four light blue unit squares. The forklift's body spans the first three squares, and its mast and forks extend over the fourth square.

4

A blue and white boat is shown sitting on a row of five light blue unit squares. The boat's hull spans the first four squares, and its mast and cabin extend over the fifth square.
