

Number Walls: Build Every Row

Name: _____ Date: _____

Four rows and no gaps. Add each pair of bricks up to the top.

1

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 1, 1, 2, and 1. The second row has three dashed bricks: the left and right bricks are empty, and the middle brick contains the number 3. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

2

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 2, 2, 2, and 1. The second row has three dashed bricks: the left brick contains the number 4, and the middle and right bricks are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

3

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 2, 2, 1, and 1. The second row has three dashed bricks: the left and right bricks are empty, and the middle brick contains the number 3. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

4

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 2, 1, 1, and 1. The second row has three dashed bricks: the left brick contains the number 3, and the middle and right bricks are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.
