

# Number Walls: Build Every Row

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Four rows and no gaps. Add each pair of bricks up to the top.

1

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 2, 1, 1, and 1. The second row has three dashed bricks; the middle one is solid and contains the number 2. The third row has two dashed bricks. The top row has one dashed brick.

2

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 1, 2, 2, and 1. The second row has three dashed bricks; the middle one is solid and contains the number 4. The third row has two dashed bricks. The top row has one dashed brick.

3

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 1, 2, 1, and 1. The second row has three dashed bricks; the rightmost one is solid and contains the number 2. The third row has two dashed bricks. The top row has one dashed brick.

4

A number wall diagram with four rows. The bottom row consists of four solid bricks with values 2, 1, 2, and 1. The second row has three dashed bricks; the rightmost one is solid and contains the number 3. The third row has two dashed bricks. The top row has one dashed brick.
