

Number Walls: Build Every Row

Name: _____ Date: _____

Four rows and no gaps. Add each pair of bricks up to the top.

1

A number wall diagram with four rows. The bottom row consists of four solid bricks, each containing the number 2. The second row has three dashed bricks; the leftmost one contains the number 4, and the other two are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

2

A number wall diagram with four rows. The bottom row consists of four solid bricks containing the numbers 1, 1, 2, and 1. The second row has three dashed bricks; the middle one contains the number 3, and the other two are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

3

A number wall diagram with four rows. The bottom row consists of four solid bricks containing the numbers 2, 1, 1, and 2. The second row has three dashed bricks; the middle one contains the number 2, and the other two are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.

4

A number wall diagram with four rows. The bottom row consists of four solid bricks containing the numbers 1, 2, 2, and 1. The second row has three dashed bricks; the middle one contains the number 4, and the other two are empty. The third row has two dashed bricks, both empty. The top row has one dashed brick, empty.
