

Number Walls: Find the Missing Brick

Name: _____ Date: _____

One bottom brick is missing. Find it, then build the whole wall.

1

A number wall diagram with 4 rows. The top row has 1 dashed brick. The second row has 2 dashed bricks. The third row has 3 bricks: the first two are dashed, and the third contains the number 3. The bottom row has 4 bricks: the first contains 3, the second contains 3, the third is dashed, and the fourth contains 2.

2

A number wall diagram with 4 rows. The top row has 1 dashed brick. The second row has 2 dashed bricks. The third row has 3 bricks: the first two are dashed, and the third contains the number 5. The bottom row has 4 bricks: the first contains 4, the second contains 3, the third contains 1, and the fourth is dashed.

3

A number wall diagram with 4 rows. The top row has 1 dashed brick. The second row has 2 dashed bricks. The third row has 3 bricks: the first two are dashed, and the third contains the number 6. The bottom row has 4 bricks: the first contains 1, the second contains 2, the third contains 1, and the fourth is dashed.

4

A number wall diagram with 4 rows. The top row has 1 dashed brick. The second row has 2 dashed bricks. The third row has 3 bricks: the first contains 7, the second is dashed, and the third is dashed. The bottom row has 4 bricks: the first is dashed, the second contains 2, the third contains 1, and the fourth contains 5.
