

Number Walls: Start at the Top

Name: _____ Date: _____

The top brick is given this time. Work downwards and subtract.

1

A number wall diagram with three rows. The top row has one brick with the number 18. The middle row has two bricks: the left one is empty and dashed, and the right one contains the number 11. The bottom row has three bricks: the left one is empty and dashed, the middle one contains the number 3, and the right one is empty and dashed.

2

A number wall diagram with three rows. The top row has one brick with the number 15. The middle row has two bricks: the left one contains the number 7, and the right one is empty and dashed. The bottom row has three bricks: the left one is empty and dashed, the middle one contains the number 6, and the right one is empty and dashed.

3

A number wall diagram with three rows. The top row has one brick with the number 14. The middle row has two bricks: the left one is empty and dashed, and the right one contains the number 11. The bottom row has three bricks: the left one contains the number 1, the middle one is empty and dashed, and the right one is empty and dashed.

4

A number wall diagram with three rows. The top row has one brick with the number 12. The middle row has two bricks: the left one contains the number 10, and the right one is empty and dashed. The bottom row has three bricks: the left one is empty and dashed, the middle one contains the number 1, and the right one is empty and dashed.

5

A number wall diagram with three rows. The top row has one brick with the number 13. The middle row has two bricks: the left one is empty and dashed, and the right one contains the number 10. The bottom row has three bricks: the left one is empty and dashed, the middle one contains the number 2, and the right one is empty and dashed.

6

A number wall diagram with three rows. The top row has one brick with the number 15. The middle row has two bricks: the left one contains the number 7, and the right one is empty and dashed. The bottom row has three bricks: the left one is empty and dashed, the middle one contains the number 3, and the right one is empty and dashed.
