

Number Walls: Build Every Row

Name: _____ Date: _____

Four rows and no gaps. Add each pair of bricks up to the top.

1

A number wall diagram with four rows. The top row has one dashed square. The second row has two dashed squares. The third row has three dashed squares. The bottom row has four solid squares with numbers 2, 2, 3, and 3. The dashed squares are positioned such that the first two in the second row sit on the first two of the bottom row, the next two in the third row sit on the last two of the bottom row, and the single square in the top row sits on the two squares in the second row.

2

A number wall diagram with four rows. The top row has one dashed square. The second row has two dashed squares. The third row has three dashed squares. The bottom row has four solid squares with numbers 3, 3, 1, and 1. The dashed squares are positioned such that the first two in the second row sit on the first two of the bottom row, the next two in the third row sit on the last two of the bottom row, and the single square in the top row sits on the two squares in the second row.

3

A number wall diagram with four rows. The top row has one dashed square. The second row has two dashed squares. The third row has three dashed squares. The bottom row has four solid squares with numbers 1, 3, 2, and 1. The dashed squares are positioned such that the first two in the second row sit on the first two of the bottom row, the next two in the third row sit on the last two of the bottom row, and the single square in the top row sits on the two squares in the second row.

4

A number wall diagram with four rows. The top row has one dashed square. The second row has two dashed squares. The third row has three dashed squares. The bottom row has four solid squares with numbers 3, 2, 1, and 4. The dashed squares are positioned such that the first two in the second row sit on the first two of the bottom row, the next two in the third row sit on the last two of the bottom row, and the single square in the top row sits on the two squares in the second row.
