Cuenta, suma y resta para resolver problemas divertidos!

Ejercicio 1

$$\text{table} + \text{table} - \text{table} + \text{armchair} = 11$$

$$\text{armchair} + \text{bookshelf} + \text{bookshelf} = 10$$

$$\text{table} - \text{rocking chair} + \text{bookshelf} + \text{armchair} = 10$$

$$\text{table} + 6 + 1 = 10$$

$$\text{armchair} = \square \quad \text{bookshelf} = \square \quad \text{rocking chair} = \square \quad \text{table} = \square$$
