

Suma y resta en el camino hasta la fogata

Nombre: _____ Fecha: _____

★ Empieza con el número de la casa rodante y escribe el nuevo número en cada cuadro. Encuentra el camino que termina en el número de la fogata.

The maze consists of a central path that branches out and then converges back to a single path. The starting point is a green circle with the number 27, located next to a motorhome. The path leads to a red circle with the number 7, located next to a campfire. The path is marked by a yellow line. The background is a green field with various icons: a canoe, a tent, a deer, and some rocks.

Math problems on the path:
