

Pirámides numéricas: falta un ladrillo

Nombre: _____ Fecha: _____

★ Falta un ladrillo abajo: resta para averiguarlo.

1

Pyramid 1: A 4-level pyramid. The top level has 1 brick (dashed). The second level has 2 bricks (dashed). The third level has 3 bricks: the leftmost is dashed, the middle is solid with '3', and the rightmost is dashed. The bottom level has 4 bricks: solid with '3', solid with '1', solid with '2', and dashed.

2

Pyramid 2: A 4-level pyramid. The top level has 1 brick (dashed). The second level has 2 bricks (dashed). The third level has 3 bricks: the leftmost is dashed, the middle is solid with '4', and the rightmost is dashed. The bottom level has 4 bricks: solid with '2', dashed, solid with '2', and solid with '5'.

3

Pyramid 3: A 4-level pyramid. The top level has 1 brick (dashed). The second level has 2 bricks (dashed). The third level has 3 bricks: the leftmost is solid with '8', the middle is dashed, and the rightmost is dashed. The bottom level has 4 bricks: solid with '5', dashed, solid with '1', and solid with '3'.

4

Pyramid 4: A 4-level pyramid. The top level has 1 brick (dashed). The second level has 2 bricks (dashed). The third level has 3 bricks: the leftmost is dashed, the middle is solid with '3', and the rightmost is dashed. The bottom level has 4 bricks: solid with '3', dashed, solid with '1', and solid with '2'.
