

Kuvasarja leikattavaksi: ensin, sitten, lopuksi

Nimi: _____ Päivämäärä: _____

Leikkaa kaistaleiden kuvat irti ja liimaa ne sanojen Ensin, Sitten ja Lopuksi yläpuolelle riville, jolla on sama merkki kuin kaistaleella.

The worksheet is designed for a sequencing activity. It consists of two rows of three dashed boxes for drawing. Below each row are three labels: 'Ensin', 'Sitten', and 'Lopuksi'. At the bottom, there are two strips of three images each, with dashed lines indicating where to cut. The first strip shows an apple being eaten. The second strip shows a flower being drawn and then an envelope being drawn.
