

Laske matkalla nuotion luo

Nimi: _____ Päivämäärä: _____

 Aloita asuntoauton luvusta ja kirjoita uusi luku jokaiseen ruutuun. Etsi tie, joka päättyy nuotion lukuun.

The maze game board features a winding path starting from a motorhome and ending at a campfire. The path is marked by a series of square boxes, each containing a math problem and a dashed box for the answer. The problems are: +1, -10, +1, -10, +10, -1, +1, -10, +10, and -10. The path starts at a motorhome with a green arrow pointing right, labeled with the number 27 in a green circle. The path ends at a campfire with a red flag, labeled with the number 7 in a red circle. The background is a green field with various icons: a red canoe, a tent, a deer, and some rocks.
