

Lukupyramidi: puuttuva tiili

Nimi: _____ Päivämäärä: _____

★ Yksi alin tiili puuttuu. Käytä yläpuolen tiiliä apuna.

1

A pyramid puzzle with 4 rows. The top row has 1 dashed square. The second row has 2 dashed squares. The third row has 3 squares: the leftmost and middle squares are dashed, and the rightmost square contains the number 5. The bottom row has 4 squares: the first, second, and fourth squares contain the number 2, and the third square is dashed.

2

A pyramid puzzle with 4 rows. The top row has 1 dashed square. The second row has 2 dashed squares. The third row has 3 squares: the leftmost and middle squares are dashed, and the rightmost square contains the number 4. The bottom row has 4 squares: the first, second, and fourth squares contain the number 1, and the third square is dashed.

3

A pyramid puzzle with 4 rows. The top row has 1 dashed square. The second row has 2 dashed squares. The third row has 3 squares: the leftmost square contains the number 6, and the middle and rightmost squares are dashed. The bottom row has 4 squares: the first square contains the number 3, the second square is dashed, and the third and fourth squares contain the number 2.

4

A pyramid puzzle with 4 rows. The top row has 1 dashed square. The second row has 2 dashed squares. The third row has 3 squares: the middle square contains the number 4, and the leftmost and rightmost squares are dashed. The bottom row has 4 squares: the first and third squares contain the number 3, the second square is dashed, and the fourth square contains the number 3.
