

À qui est chaque fil ? — Corrigé

Prénom : _____ Date : _____

 Suis chaque fil d'un animal jusqu'à son cerf-volant ou son ballon. Écris le numéro de l'animal dans la case au-dessus.

The diagram shows four animals at the bottom, each with a number in a circle: 1 (cat), 2 (hamster), 3 (rabbit), and 4 (dog). Above them are four objects, each with a number in a dashed box: 1 (red balloon), 2 (yellow kite), 3 (yellow kite), and 4 (red kite). Four colored lines connect the animals to the objects: a yellow line from cat (1) to yellow kite (3), a red line from hamster (2) to red balloon (1), a blue line from rabbit (3) to yellow kite (2), and a green line from dog (4) to red kite (4). The lines cross each other to show the correct matches.
