

Calcola lungo la strada fino al pompiere – Risposte

Nome: _____ Data: _____

Parti dal numero dell'autopompa e scrivi il nuovo numero in ogni casella. Trova la strada che finisce sul numero del pompiere.

The maze consists of a central path that branches out and then converges back to the start. The path is marked with a thick orange line. The starting point is a fire truck with the number 50 in a green circle. The ending point is a firefighter with the number 59 in an orange circle. The path includes several boxes with math problems and dashed boxes for answers. The correct answers are already filled in red in some boxes.
