

# Scheda di Matematica

Conta, somma e sottrai per risolvere i problemi!

## Esercizio 1

$$\text{bat} + \text{horse} = 13$$

$$\text{deer} + \text{horse} + \text{bat} = 19$$

$$\text{bat} + \text{bat} = 18$$

$$\text{horse} = 4 \quad \text{deer} = 6 \quad \text{bat} = 9$$

## Esercizio 2

$$\text{deer} - \text{horse} = 2$$

$$\text{bat} - \text{deer} = 1$$

$$\text{bat} + \text{bat} = 12$$

$$\text{horse} = 3 \quad \text{deer} = 5 \quad \text{bat} = 6$$
