

# Verhaal op volgorde leggen: nummer de plaatjes

Naam: \_\_\_\_\_ Datum: \_\_\_\_\_

Kijk wat er in elk verhaal verandert en schrijf de cijfers in de hokjes, zodat de plaatjes op volgorde komen.

|                                                                                     |                                                                                     |                                                                                      |                                                                                       |
