Navn: _____ Dato: _____

Mønsteret vokser. Sett ring rundt gruppen som kommer etter.

Row 1: A sequence of four boxes. The first three boxes contain 1, 2, and 3 oranges respectively. The fourth box is a dashed red square containing a question mark. To the right of a vertical dashed line are three circles, each containing a group of oranges: the first has 4 oranges, the second has 5 oranges, and the third has 6 oranges.

Row 2: A sequence of four boxes. The first three boxes contain 1, 2, and 3 tomatoes respectively. The fourth box is a dashed red square containing a question mark. To the right of a vertical dashed line are three circles, each containing a group of tomatoes: the first has 4 tomatoes, the second has 5 tomatoes, and the third has 6 tomatoes.

Row 3: A sequence of four boxes. The first three boxes contain 1, 2, and 3 apples respectively. The fourth box is a dashed red square containing a question mark. To the right of a vertical dashed line are three circles, each containing a group of apples: the first has 4 apples, the second has 5 apples, and the third has 6 apples.

Row 4: A sequence of four boxes. The first three boxes contain 1, 2, and 3 figs respectively. The fourth box is a dashed red square containing a question mark. To the right of a vertical dashed line are three circles, each containing a group of figs: the first has 4 figs, the second has 5 figs, and the third has 6 figs.
