

Pirâmide com tijolo escondido

Nome: _____ Data: _____

★ Um tijolo da base sumiu: descubra com o andar de cima.

1

Pyramid diagram for step 1. The base has four tiles: 1, 1, a missing tile (dashed), and 4. The second row has three dashed tiles. The third row has two dashed tiles. The top row has one dashed tile.

2

Pyramid diagram for step 2. The base has four tiles: 5, a missing tile (dashed), 2, and 1. The second row has three tiles: a missing tile (dashed), 4, and a missing tile (dashed). The third row has two dashed tiles. The top row has one dashed tile.

3

Pyramid diagram for step 3. The base has four tiles: 4, 1, 4, and a missing tile (dashed). The second row has three tiles: a missing tile (dashed), a missing tile (dashed), and 5. The third row has two dashed tiles. The top row has one dashed tile.

4

Pyramid diagram for step 4. The base has four tiles: 2, a missing tile (dashed), 1, and 1. The second row has three tiles: a missing tile (dashed), 3, and a missing tile (dashed). The third row has two dashed tiles. The top row has one dashed tile.
