

Bildserie att klippa ut: Först, sedan, till sist

Namn: _____ Datum: _____

Klipp ut bilderna på varje remsa och klistra dem på linan med samma märke, i de tomma ramarna ovanför Först, Sedan och Till sist.

The worksheet is designed for a sequencing activity. It contains two rows of three empty rectangular frames with dashed borders, each labeled 'Först', 'Sedan', and 'Till sist' below it. Above each row is a horizontal line with a green dot and a green triangle marker. Below the frames are two strips of three sequential illustrations each. The first strip shows a boy painting a fence from orange to white. The second strip shows a boy building a tower of blocks. Scissors icons indicate where to cut the strips.
