

Talpyramider med fyra rader

Namn: _____ Datum: _____

★ Fyra rader. Addera två stenar i taget upp till toppen.

1

A number pyramid with four rows. The bottom row consists of four squares, each containing the number 1. The second row has two squares, each containing the number 2. The third and fourth rows are represented by dashed outlines, indicating they are to be completed.

2

A number pyramid with four rows. The bottom row consists of four squares containing the numbers 1, 2, 2, and 1. The second row has two squares, each containing the number 3. The third and fourth rows are represented by dashed outlines.

3

A number pyramid with four rows. The bottom row consists of four squares containing the numbers 1, 1, 2, and 2. The second row has two squares, each containing the number 2. The third and fourth rows are represented by dashed outlines.

4

A number pyramid with four rows. The bottom row consists of four squares containing the numbers 1, 2, 2, and 2. The second row has two squares, each containing the number 4. The third and fourth rows are represented by dashed outlines.
